The coffee we use is from Northern Edge Coffee, a micro roastery in Berwick-upon-Tweed, roasting specialty coffee using ethically sourced green beans. The blend we use is 'Jimmy Strength' - 4/5 strength using 100% Brazil Fazenda Pantano coffee beans. It's a dark roast that creates a full-bodied espresso with a smooth creamy head. For our filter coffee we also use 'Jimmy Strength'. We also have a Decaf blend which uses a carbon dioxide and sparkling water process for a chemical-free decaf bean. All our coffees can be made with decaf coffee except our filter coffee. www.northernedgecoffee.co.uk

We sell different Northern Edge coffee blends in our shop including 'Jimmy Strength' if you'd like to take some home with you.
